

a History of 6s

Since 2000, 6s marketing has fearlessly rode the wild ride known as the Internet, taking advantage of every thrilling twist and turn along the way. Our company was founded during the infancy of the digital marketing industry and just after the shiny dot-com bubble burst. Since then, we've been among the strong who not only have survived -we've thrived- and have become the trusted provider of digital marketing strategies to some of Canada's most recognized brands. Check out the infographic below for an illustration of our company's history.
